	15C	2412.0 - 2462.0	0.1618		

Power listed is maximum peak conducted output power. The device supports 20 MHz
bandwidth modes as described in this filing. The product must be installed such that its
antenna(s) can provide a separation distance of at least 20 cm from all persons and must
not transmit simultaneously with any other transmitter, except in accordance with FCC
multi-transmitter product procedures or as described in this filing. Device is a client only
device containing a 802.11b/g/n modes configuration, enabled for either 2.4 GHz band
operations as described in this filing. The device also supports Bluetooth transmitters.
